Dear Parent / Carer,

We wish to inform you that we have a **child** attending the setting who have a severe allergy to **nuts**. We are asking for your help to provide the **child** with a safe environment.

It is essential to maintain strict avoidance of the above foods, as any exposure will cause a life-threatening allergic reaction that requires emergency medical treatment. To reduce the chance of this occurring, we would ask that you do not bring any products containing any type of nuts into playgroup with your child or in your shopping bags etc. If your child has eaten any products containing these ingredients before coming to playgroup, please could you ensure that your child's hands and face have been thoroughly washed before entering Old School Hall.

Please complete and return the reply slip below to confirm that you have received this information. Should you have any queries, please contact me. Many thanks for your support in this matter.

Kind regards,

Alison Blackery
Manager

I have read and understand First Steps procedures in relation to food allergies. I agree to do my part in keeping the setting nut free.
